Find body builder

Take all the pieces out of body builder.

Your skeleton protects some of your organs.
Which skeleton piece protects...

Your lungs?

Your brain?

Place the skeleton pieces in the body.
What are skeletons made from?

Write the names of the digestive organs:

Pump water with your hand for 1 minute.

How much water did you pump?

How much blood does your heart pump in 1 minute?

“How does your body fix itself?”  Calum, 9
