

Robochef

Location

Ground floor, Food exhibition

In a nutshell

Is this how we will order food in the future?

Meet our RoboChef and help her find out what foods you like and dislike so she can suggest a recipe to suit you and your group

What to do

Stand facing Robochef so that your face appears on the screen. Robochef will ask you questions and will detect if you smile or not to determine your answer. Once Robochef has the answers a suitable recipe will be printed for you to try at home. Don't forget to send us a photo of what you make kitchen@wethecurious.org.

Time Required

KS1 & KS2 2-3 minutes per student.

What's happening?

Robochef uses recognition software to identify if the visitor is smiling or not. Using these responses Robochef will suggest and print a recipe for the visitor to try.

Curriculum links

KS1/2	<p>Science - Animals, including humans</p> <ul style="list-style-type: none"> - (Yr 2) describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene - (Yr 3) identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat <p>Mathematics - Number – number and place value</p> <ul style="list-style-type: none"> - (Yr1) read and write numbers from 1 to 20 in numerals and words - (Yr2) read and write numbers to at least 100 in numerals and in words - (Yr3) read and write numbers up to 1000 in numerals and in word <p>Cooking and nutrition - Key stage 1</p> <ul style="list-style-type: none"> - understand where food comes from <p>Cooking and nutrition - Key stage 2</p> <ul style="list-style-type: none"> - understand and apply the principles of a healthy and varied diet
